

Licensed Behavioral Health Social Work Case Manager Telehealth

Desert Senita Community Healthcare is seeking a Licensed Behavioral Health Social Work Case Manager to join our team. Desert Senita Community Healthcare is a Federally Qualified Community Health Center (FQHC), with 2 sites in Ajo and Arizona City.

PURPOSE

LBHSW CM work independently alongside other medical and behavioral health professionals providing care for clients who suffer from a variety of behavioral and medical problems. BHSW CM participate fully in the planning, implementation, and evaluation of treatment programs designed for medical, surgical, rehabilitation, and mental health patients as well as for patients seen in primary care clinic and long-term care facilities. Social workers participate in the initial assessment of the patient, placing special emphasis on the psychosocial aspects of the problem(s) and formulate the social work treatment component of the overall treatment program.

ESSENTIAL FUNCTIONS

Social worker functional responsibilities are directed toward (a) helping patients and families cope with the crisis of illness; (b) maximizing social and interpersonal functioning of patients; (c) promoting vocational and social rehabilitation; (d) providing education to patients and interdisciplinary team members on the psychosocial impact of illness and disease progression; (e) facilitating the patient's return to the community at the highest level of functioning possible, and in the lowest level of care possible; (f) working with terminally ill patients and bereaved families; (g) developing special approaches to provide solutions to unique social problems; (h) coordinating discharge planning, including providing information and referral services and accessing and coordinating community resources/services; (i) providing case management services; and (j) screening for neurocognitive disorder including assessment and follow up as needed. Licensed Clinical Social Workers (LCSWs) conduct behavioral health/mental health assessments, make DSM-5 diagnoses, create behavioral health/mental health treatment plan, and offer psychotherapeutic services. Licensed Master Social Workers may perform additional functions under the clinical supervision of a LCSW and require co-signature of any documentation.
